Los Angeles Live Steamers was founded in 1956 by a group of train enthusiasts to educate the public in railroad history, and to demonstrate live steam, gas-mechanical and electric railroad technology in actual operation.

A **RESIDENT MEMBER** lives within a 60-mile radius of the Museum facility, has completed the requirements of a probationary member, and is sponsored by two current regular Members.

A **prospective** Resident Member is first a **PROBATIONARY MEMBER** completing within a 6-month period the following obligations (unless special arrangements have been made with the approval of the Board): 16 hours of working at the Facility, 18 hours of conducting on Sunday public trains, 4 hours working in the Souvenir Booth, and 4 hours working in the Kountry Kitchen. The objective is getting acquainted with the facility and other members.

Membership includes a badge and listing in the Roster directory. Once the Probationary Member has completed the above work hours and is officially accepted by the Board, he/she/they become a Resident Member who is allowed to vote, and after one full year of membership, hold parties at the facility.
